MINIATURE GLADIOLUS • CHRYSANTHEMUMS

TELEPHONE
JEFFERSON 4-2132

1521 LOCUST LANE
FALLS CHURCH, VIRGINIA

Fellow Dahlia Lovers and Gardeners Everywhere:

Once more it is a pleasure to hear from old friends and to greet the new ones who request our dahlia price list for 1963.

This year we are listing field grown roots only. You will notice many new varieties and a number of popular old favorites we did not include in the past. In the pages that follow you will find everything from the ever popular giant exhibition dahlia, the largest and most colorful of garden flowers, to the petite pompon. For the folks who enjoy flowers more in the form of arrangements and table centerpieces, we have the "B", the "BB", and the "Miniature", besides dozens of styles and colors suitable for borders and landscaping.

In our gardens in 1962 over six hundred varieties were growing and loaded with bloom during the fall. Not all are listed as, in some instances, we are increasing present stocks for new surprises in 1964.

From the thousands of varieties the world over, we have selected what we think are the best from the standpoint of beauty, vigor, and blooming habits. They must also be good winter keepers, so that our customers can enjoy not only the original tuber the first year, but the increase for years to come.

So, happy gardening, and a prosperous and happy dahlia year for 1963. We are ready and waiting with the largest and finest stock of dahlia roots we have ever grown.

Your Virginia Dahlia Friend,

J. P. Hurley

LARGE EXHIBITION DAHLIAS

ANDRIES' WONDER (A-ID)	Unusual dahlia in a blend of salmon, orange and pink. Free flowering and exceptionally attractive due to the peculiar incurved sea shell form of petals near center. This characteristic is particularly noticeable even in several new varieties that originated from the seed of Andries' Wonder. Beautiful garden flower, good keeper when cut; good root maker and easy winter keeper; 4' bush.	\$ 0.75
A.E.HILL (A-FD)	Purple; 4' bush.	.50
ARISTOS (A-IC)	Bi-color. Reddish purple, white tips; good stem 4' bush	.75
ARTHUR GODFREY (A-FD)	Oriental flame red with buff shadings; 4' bush	.75
ARTHUR HAMBLEY (A-FD)	One of the leading show varieties. Very large lavender blooms, shading to lavender pink	1.00
ARUBANITA (A-ID)	Good cherry red blooms; 4 1/2' bush	1.00
ATOMIC WORLD (A-FD)	Ruby purple; traces of white on edges and tips; 4' bush.	.75
BERTHA SHONE (A-IC)	Soft lavender pink with creamy center. The split tip, naturally incurved petals are unique and attractive. A flower that consistently wins in tough competition.	.75
BUDOVAKL (A-FD)	Raspberry red. Beautiful and rare shade for dahlias	.75
BURNBRAES MEMORIES (A-ID)	One of the most popular large yellow dahlias	.75
CLARA HOOK (A-StC)	Large golden yellow and apricot blend. Winner of Derrill Hart Medal as a seedling.	.75
CLARIUM FOREVER (A-ID)	Delicate pink; remarkable for centers that hold up well; very good foliage.	.75
CLARIUM KELTON (A-ID)	10" flame red; trace of yellow at base of petal; good stem; 5' bush.	.75
CLARIUM ROYALTY (A-StC)	Royal purple, with lighter reverse petal. Good keeper when cut. Before it was introduced, Clarium Royalty received the American Home Achievement medal in seven leading shows.	.75
CLASS (A-FD)	Another good yellow formal dec. Lavish bloomer.	.75
COL.A.G.RUDD (A-FD)	Deep red, mahogany center; lavish bloomer.	.50
COVER GIRL (A-FD)	Light lavender, evenly tipped white. One of the most consistent bi-colors we have ever grown.	.75
CROYDON DIGNITY (A-FD)	One of the best deep velvety reds and a favorite.	1.00
CROYDON GLORY (A-ID)	Tall bush; 10" to 12" yellow bloom.	.75
CROYDON MASTERPIECE (A-FD)	Salmon orange, blended with coppery tan	.75
CROYDON SNO-TOP (A-FD)	Very popular large white show flower. Harmonizes beautifully with other colors.	1.25

CROYDON ACE (A-ID) Yellow. One of the newest members of an illustrious family. Visitors to a dahlia field seeing several hundred varieties in bloom are not a little awed by the magnificent display of color. We have noted that after the usual exclamations they gravitate to three or four varieties that strike their fancy before inspecting the rest of the field. During the past season CROYDON ACE was easily the star of the show in the yellow class. We do not mean to detract from the several other fine decs. that we grow. Croydon Ace with its wealth of huge yellow flowers, standing well above the dark green foliage, attracts attention in any company. Another distinguishing feature is the foliage that tends to curl and wave at the edges. We do not hesitate to recommend this variety. Many visitors this past season made their selection right in the field for spring delivery. Almost without exception CROYDON ACE was included. 1.25

D'ARCY SAINSBURY (A-FD) Popular white exhibition dahlia. 4' bush.75

DANNY (A-IC) Rhodamine pink. We believe this to be the finest pink dahlia developed in this country in many years and has been recognized as such by British and Dutch Dahlia Societies. It has great beauty, form and depth; prolific bloomer. During the 1961 and 1962 seasons, it won in more shows, and was proclaimed the personal favorite of more topflight exhibitors, than any other variety. 1.50

DAYLIGHT (A-FD) Very attractive formal buff, splashed with pink.50
DIXIE WINEDOT (A-ID) Variegated white with purple splashes. Always popular. . .75
DRUMMER BOY (A-FD) A beautiful dark red. Excellent formation. One of the newer Australian varieties. Tops. 1.00
FLAMME AUBIEROISE (A-ISC) Blood red incurved semi-cactus from France. Very attractive flowers that keep well when cut. 1.00
GIANT OF BARN (A-IC) Huge vermillion red with salmon overtones. Tall grower. . 1.00
GUIDO GIZELLE (A-IC) Beautiful dark red. One of the writer's favorites. Makes a beautiful basket when combined with white cactus blooms. Rich looking. . . 1.00
G.W.LEAK (A-IC) Attractive giant white cactus, narrow incurving petals; late bloomer, so plant early. 1.00
IMMENSE (A-SC) Huge, rosy-purple-lilac blend with bronze shading.75
INCANDESCENT (A-ID) Good dahlia of Canadian origin. Beautiful blend of old rose and gold splashed with metallic sheen.75
IVORY GIANT (A-SC) Fine creamy white, majestic semi-cactus from Holland. A mixed basket of Ivory Giant and Danny attracted a great deal of attention in our exhibit at the Suburban Dahlia Society of Maryland show in Baltimore last October. 1.25
JANE COWL (A-ID) Buff and old gold. Popular standard; very good; 4' bush. . . .75
JANE LAUSCHE (A-SC) Bi-color. Rosy mauve, white tips; heavy bloomer. 1.00
JENNIFER FARR (A-IC) Dark red, long rolled incurving petals; very floriferous; good centers and stems. 1.00
KELVIN (A-ID) Tyrian pink, suffused gold, exhibition blooms. Good Australian variety, popular the world over. 1.00
KENYA (A-ID) Autumn. One of the largest dahlias grown and known to the dahlia world. Beautiful nasturtium orange with red shadings. Winner of the largest bloom at National Capital Dahlia Society show in 1962. 2.00
KIDD'S CLIMAX (A-FD) Cream, shaded to soft yellow, blended with heliotrope. Massive blooms on good stems win in the best shows. 1.00
LAURA REES (A-ID) Light purple sport of Arthur Godfrey. A good new one. 1.50

LAVENDER PERFECTION (A-FD) Beautiful lavender pink. Popular in shows in Europe and America. A sturdy variety that will be around for years to come. . . . 0.75

LAVENGRO (A-ID) Striking lavender petals, copper burnished tips. . . . 1.00

MADAME GEORGE le BOUTILLIER (A-ID) Cherry red. Low grower.50

MANASURU (A-SC) Excellent white cactus. Easy grower; good keeper. One of the good varieties from Japan in recent years. 1.00

MARAGRET DUROSS (A-FD) Autumn blend; golden bronze. 1.00

MARY ELIZABETH (A-ID) Large, deep turkey red; traces of yellow blush on edge of petals, heavy bloomer. Vigorous grower with dark green foliage. . . . 1.00

MARYLYN DALE (A-SC) Lavender. Older variety. Won many prizes in 1962.75

MAYOR FRANK OTIS (A-ID) Coppery bronze. Excellent variety.75

MIRACLE (A-ID) Andries' Wonder seedling that very much resembles its parent. Deeper bloom than Andries' Wonder. Incurved sea shell petals toward center are outstanding inherited feature. Fine carmine and purple-lavender blend, changing to yellow toward base of petal. Unusual and striking; heavy bloomer and heavy root maker.1.00

MRS. McDONALD QUILL (A-FD) Another aristocrat of the dahlia world. Deep rich mahogany red, almost black toward center; petals evenly tipped with white. Commands attention wherever grown. Plenty of depth. 1.25

NED SEYMOUR (A-ID) One of the most brilliant large orangy reds; perfectly shaped blooms; sturdy stems that are needed to hold the heavy blooms. . . . 1.00

NEW LOOK (A-ID) Beautiful bright yellow; tall bush; heavy bloomer. 1.00

NUTLEY SUNRISE (A-IC) China orange; petals twist and curl; real beauty. . . . 1.00

OAKLEIGH CHAMPION (A-SC) Burnt orange. Favorite of many gardeners.50

OGDEN REID (A-ID) Spinel pink. A fine American variety.75

OTTO'S THRILL (A-FD) Beautiful camellia pink; petal tips and edges delicately tinted canary yellow; 4 1/2" bush. 1.00

PINK ELEPHANT (A-FD) Deep rose pink. Very large blooms. During the past season visitors were impressed by the lavish bloom. Being a low grower, we were asked several times, "How can you make peonies bloom so late in the year?" A row near a highway did resemble a row of huge peonies at their peak in May. A beautiful border in any garden. Side pruning produces a longer stem. 1.00

PINK TAFFY (A-FD) Good garden dahlia. Delicate shade of soft pink.50

PINK GIANT (A-ID) Brilliant showy pink. 5' bush.50

POWDER PUFF (A-ID) Rose and lilac on sturdy bush. Color sport of famed Sherwood's Peach. Plant it early as you would its parent.75

QUINN'S TIDAL WAVE (A-ID) Yellow. Good Australian variety. Popular show flower. .75

ROSE GLORY (A-FD) Rose lavender. Popular garden dahlia. Long stems.40

SHERWOOD'S PEACH (A-ID) Large flower; golden peach with trace of pink. Plant early.75

SILVER WEDDING (A-IC) White, faintly tinged with lavender as it opens, which adds to its exquisite beauty. Gradually it turns snow white. Favorite of all lovers of white cactus dahlias.75

SIMOUN (A-IC) Variegated. Sulphur yellow with stripes and dots of capsicum red. Very showy and attractive. 1.00

SMOKY (A-IC) Mauve, heavily tinted with bronze, hence its appropriate name. One of our most popular varieties last year.75

SPLASH (A-ID)	Orange, tipped white.	\$ 0.75
THE CARDINAL (A-SC)	Brilliant cardinal red; 6' bush; lavish bloomer.	.75
THE VOLUNTEER (A-ID)	Purple.	.50
VERA SEYFANG (A-FD)	Beautiful lavender pink. Noted for its tiny perfectly formed petaloids at the base of each petal. Popular show flower.	1.50
WATCHUNG GIANT (A-ID)	Beautiful old American variety. Brilliant bronze-- color of a new penny.	.50
WHIRLIGIG (A-IC)	Beautiful incurved sulphur yellow cactus. Certificate of Merit, New York Trial Grounds.	1.00
WINIFRED STREDWICK (A-ID)	Beautiful English white informal with curling tips.	1.00
ZAH BERNKOPF (A-ID)	Ivory white, heavily splashed wine red and rose. Tall bush.	1.00

'B' DAHLIAS

SIX TO EIGHT INCHES IN DIAMETER

ABE LINCOLN (B-FD)	Dark red. Vigorous grower.	.75
ALABASTER (B-FD)	Excellent white show bloom.	.75
BARBAROSA (B-FD)	Beautiful formal shape. Rich looking deep red.	.75
BLACK NARCISSUS (B-SC)	Dark red. One of the darkest dahlias grown. Almost black .75	
BRANDARIS (B-FD)	Flame blend. Rich scarlet with bright golden center. Said to have been named after a famed lighthouse in the North Sea by its German - originator. Tall bush, always loaded with bloom.	.75
BRUMAS (B-FD)	Water-lily type. Pure white. Beautiful cut flower.	.75

CHINA PINK (B-ID) A very bright pink that attracted a lot of attention in our exhibits and here at home. One of the great new dahlias to come out of Holland in 1962. At first glance one is reminded of the vivid pink of old Jersey Beauty. Next we notice the unusual petal formation that identifies Andries' Wonder or any of its descendants, the incurved sea shell edge on the center petals. Proportionately, it has more depth than Andries' Wonder. Its vigorous habit of growth and its very prolific production of new tubers, even from rooted cuttings, convinces us that CHINA PINK faces a long life and a brilliant future in America. LIMITED STOCK. 2.00

COCKTAIL (B-StC)	Early bloomer. Yellow with a trace of buff. Vigorous grower.	.75

GOLDEN TREASURE (B-FD)	Empire yellow, tinted nasturtium orange.	.50
GOLDEN SIZARD (B-IC)	Frilled golden yellow split petals.	.75
GOOD EARTH (B-IC)	Rich pink. Light center.	.75
HEIMETLAND (B-SC)	Pinkish lavender. White at base of petals.	.75
JAUNITA (B-StC)	Dark ruby red straight cactus. From South Africa.	.75
JERSEY BEAUTY (B-FD)	Salmon pink. Old favorite.	.50
JERSEY DAINTY (B-StC)	Finely pointed, glistening white petals. 4' bush.	.75
KING DAVID (B-FD)	Purple formal decorative.	.50
KLECKSER (B-FD)	Variegated violet and deep purple splashes. Color sport of Thomas Edison. Very good. Unusual.	.75
LADY ISMAY (B-IC)	Tri-color. Salmon and rose to yellow at base of petals. Petals cerise tipped. Very attractive.	.75
MAGIC TOUCH (B-SC)	Deeply split blood red petal, gold at base.	1.00
MARGUERITE HURLEY (B-FD)	Deep orange with yellow tipped petals. No kin o' our'n. Named by Dutch originator in honor of an American lady. A mighty nice dahlia.	.75
MASCOT (B-FD)	White tipped, deep bronzy orange.	.75
MAUREEN CONNELLY (B-FD)	Sulphur yellow. Petals recurve back toward stem.	.75
MICHIGAN WHITE (B-SC)	Glistening waxy white. Easter lily white. Goes to church and weddings more than any other dahlia.	.50

PURPLE JOY (B-ID)	Purple magenta. Good cut flower.	.75
RENATA (B-StC)	A very good fimbriated, snow white cactus. Originated in Germany. Very good center characteristic of most German dahlias. Low grower.	.75
RUBATO (B-SC)	Apricot orange, rich yellow center.	1.00
SCARLET LEADER (B-SC)	Bright red. Good commercial cut flower.	.75
SINBAD (B-SC)	Brilliant scarlet exhibition bloom.	1.00
STOPLIGHT (B-SC)	Vivid red.	.75
SYLVIA McCLAREN (B-SC)	Perfect cactus type. Burnt orange. Ideal for arrangements.	1.00
TARTAN (B-ID)	Dark red, almost black, and white bi-color. Very popular.	.75
TELEVISION (B-IC)	Very unusual and attractive dahlia of Belgian origin. The petals are incurved with half orange and half bright yellow stripes running lengthwise, on very long wiry stems. One of the heaviest bloomers we have ever grown. Last year our stock was depleted in a very short. time. We doubled our planting in 1962, so here is hoping we have enough for everyone	.75
TOP CHOICE (B-StC)	Striking orange-scarlet, each petal heavily tipped clear yellow.	1.00

VAL'S ST. LAMBERT (B-IC) Finely fimbriated. Creamy center, brushed lightly with
cerise pink on outer two-thirds of petal. A beautiful dahlia. 1.00
VERMONT APRICOT (B-IC) From Australia. Slender incurved apricot. Tall grower.75
VICTORY MAID (B-IC) Deep cherry red incurved cactus, heavily tipped white.75
VOGUE (B-IC) Another good incurved cactus. Pure salmon color.75

WAGSCHALL'S GOLDKRONE (B-IC) Originated in Germany. Truly one of the world's
great dahlias. Its delicately incurved petals, shaded gold and pale yellow
with a hint of brown in the center, and the unusually long stem, combine
to produce a bloom that is ideal for cutting and arrangements.75

WANDA MEAD (B-ID) Bright scarlet informal decorative, evenly tipped white.75
WHITE HORSE (B-IC) Very nice white incurved cactus. Good bloomer.75
WILLIAM EVANS (B-IC) Dusky orange petals with slight crimson veining; 4' bush.75
WINDLASSIE (B-ID) Leading variety. One of the most popular and unusual whites.
Petals curl and twist to give appearance of beautiful shaggy ball. 1.00

MINIATURE DAHLIAS

In recent years the miniature dahlia has come into its own. For fall arrangements in home or church use, they have no equal when it comes to choice of style and color. From the following list, one can select a variety of pleasing colors and blends. These varieties have been chosen not only for the color and quality of the bloom, but because they are prolific root makers and easy winter keepers. Any gardener with a minimum of effort can soon have a wide variety of colors and styles.

A.D.LIVONI (Miniature Ball)	One of oldest varieties. Good pink.	\$0.50
ARABIAN NIGHT (M-FD)	Deep maroon water-lily. Heavy bloomer.	.50
BLACKIE (M-FD)	Purple formal. Very heavy bloomer. Easy grower.	.50
BOBO (M-FD)	Autumn blend.	.50
CATHERINE (M-FD)	A good new miniature. Mauve base, light purple and crimson splashes.	.75
CALYPSO (M-FD)	Deep pink.	.50
FRISOTIN ORANGE (M-IC)	Good orange cactus. Wiry stem.	.50
GIRAFFE--Double orchid type.	Variegated. Deep yellow, brown spots & stripes.	.50
HELLY BOUDWIJN (M-FD)	Good white cut flower.	.50
IKE (M-FD)	Dark red, notched petal tips; favorite for arrangements; good stems.	.50
LITTLE JERRY (M-FD)	Purple formal. Most prolific bloomer we have ever grown.	.50
LITTLE WISTERIA (M-FD)	Good wisteria shade.	.50
MANNEQUIN (M-SC)	A new variety that has every good quality a dahlia should have. Pale yellow at base of petal gradually changing to flesh pink at tip. Excellent for arrangements and exhibition. 3 1/2' bush.	.75
PEGGY LINDLEY (M-FD)	Orange.	.50
SMILES (M-ID)	Heavy bloomer. Pomgranate red with gold shades.	.50
TAMARA (M-SC)	Small purple cactus.	.50
TIMMY (M-FD)	Light blend; soft mimosa yellow; tipped Persian rose.	.50
WHITE FAWN (M-FD)	White formal. Old florist favorite. Prolific bloomer.	.50

POMPON DAHLIAS

What we have written regarding the miniature dahlia can also be said of the charming pompons. Some of the most charming arrangements and corsages can be fashioned from these exquisite little booms. Any woman with a little ribbon and imagination can fashion a corsage or centerpiece for her dinner or coffee table. Try it--it's fun.

ALBINO--White.	LIBBY ROHR--Bright wine red.
BRONZE BEAUTY--Old favorite cut flower.	LITTLE DOVE--Rosy Orchid.
BROWN'S LEO--Flame, petals yellow at base.	MORNING MIST--Lavender and white.
CELESTE--Tiny white.	SHERRY--Wine purple.
DARKEST OF ALL--Very good; small; almost black.	TAMMY--Good bright pink
HELEN ANITA--Lavender, white center.	WILLO'S VIOLET--Light violet, shading to lavender.
ILA--Small. Garnet red.	WHITE PIGEON--Nice white.
JOHNNIE--Bright red.	YELLOW GEM--Canary yellow.
JOE FETTE--Medium white.	ZONNEGOU--Bright gold.
KASASAGI--Brilliant yellow; edged red.

OUR GUARANTEE

Every tuber shipped will be true to name and have at least one good, live eye. As soon as you have determined a tuber will not grow, return it and it will be replaced.

We begin shipping orders about April 1st. We prepay shipping charges on all orders of \$5.00 and over east of the Rocky Mountains. On orders for less than \$5.00, please include 50¢ extra to cover mailing charges. If customers on the west coast will include 15% of their order extra, we will include extra tubers for whatever is included, because we have more tubers than postage stamps. You may request varieties you like. Be sure to include alternates.

CULTURAL INSTRUCTIONS

Complete instructions for dahlia culture, including both tubers and green plants, will be included free of charge. This will include soil preparation, planting both tubers and green plants, control of insects, fertilizing, watering, disbudding and everything possible to insure complete success as far as we are able.

If you are not a member of a dahlia society, join one now. If you do not exhibit, at least attend the shows staged in leading cities every fall. Better yet, join the American Dahlia Society simply by sending a year's membership to the address below. You will receive "The Bulletin", a thick digest size quarterly, chuck full of information, reports on the shows, the winners, the trial ground reports. Best of all, you will get acquainted with a lot of wonderful people. Just fill out the form below, mail it to Ed Lloyd. You will never regret it.

You can also become a member of The National Capital Dahlia Society by sending \$3.00 to Mr. Vernon L. Ailstock, Membership Chairman, 1410 S. Randolph Street, Arlington, Virginia. As a member, you will receive monthly "The DAHLIAGRAM", one of the most intensely interesting and instructive publications of its kind at no extra cost. Its Editor, Mr. A. S. Mason, is widely known for his spritely, easy reading style, and his broad knowledge of a subject to which he has devoted many years. A year's subscription is as good as a correspondence course in dahlia culture, and it is free to members.

Better yet, join both organizations and be really well informed and be able to get more enjoyment out of a good hobby that will add years to your life.
